

Admin User Manual

How to run your building in Predio, step by step. As an Admin you have the same day-to-day access as the Owner (you cannot remove the Owner). You work mostly in the web console at app.predioapp.com; the mobile app is the same building on the go. This is the complete written reference. Predio Help (the ♦ on any screen) does these same tasks with you interactively and links you straight to the screen.

predioapp.com • bilingual EN / ES

Run any building. From one app.

predioapp.com

1. Sign in

1. Go to **app.predioapp.com**, enter your **email** and **password**, click **Sign in**.
 2. Top bar: the **building switcher** (pick which building), **global search**, the **EN / ES** pill, **Predio Help (✦)**, notifications, and your **avatar** (Settings + Sign out).
 3. Module tabs: **Home · Directory · Financials · Reports · Maintenance · Guard & Security · Community · Settings**.
-

2. People and units

1. **Add a unit:** Directory → **Units** → **Add unit**; give it a label.
 2. **Add a resident:** Directory → **Residents & owners** → **Add resident** → first + last name, email, phone, unit, owner/tenant → **Save**. They get an emailed invite to set their password.
 3. **Parking / Vendors:** Directory → **Parking** (add spots, assign to units) and **Vendors** (payees).
-

3. Bill residents

- **One charge:** Financials → **Invoices & charges** → **New charge** → unit, type, amount, due date → **Save**.
 - **Monthly run:** Financials → **Generate monthly** → review → **Generate**.
 - Send an invoice by email from the invoice's **Send by email**.
-

4. Approve a reported payment

1. Financials → **Pagos reportados (Reported payments)** → open the item.
 2. Check the proof photo, amount, and covered invoices.
 3. **Approve & issue receipt** (or **Reject** with a reason → the resident is messaged). Optionally pick the **bank account** the deposit went into.
-

5. Reports

Reports → **Statement / good-standing, A/R aging, Delinquency, Collections** → set range/unit → **PDF** to export.

6. Maintenance

1. Open Maintenance → **Board**.
 2. Open a ticket → **Assign** to a worker or a vendor.
 3. Follow the conversation; the worker resolves with a photo.
-

7. Community

- **Notices:** Community → **Notices** → **New notice** → write/format, attach photos or documents, mark **Critical** if needed → **Publish**. See confirmations under **Avisos críticos**.
 - **Messages:** Community → **Messages** (team inbox) — reply, assign threads.
 - **Amenities / Access:** add bookable spaces; view the visitor/pass log.
-

8. Team and roles

1. Settings → **Team & roles**.
 2. **Add a person** / invite a login → pick a **role** or a **custom role**.
 3. Set **finance access** and **archive access** per person.
 4. **Custom role:** starts from the Office base; add/remove capabilities.
 5. **Manager flags:** make a maintenance or guard person a **manager**.
-

9. Fixing mistakes the right way

You can't silently edit a posted invoice. To correct one: open it → **Void** (give a reason) → issue a corrected invoice. A void keeps a full audit trail; the resident sees both.

10. Predio Help

Everything in this manual, **Predio Help** can walk you through live. Tap the ♦ on any screen, ask in plain language, and it explains the step and opens the exact screen. It teaches and answers — it never moves money.
