

Office User Manual

How to run the building's day-to-day in Predio, step by step. You work in the web console at app.predioapp.com. This is the complete written reference. Predio Help (the ♦ on any screen) does these same tasks with you interactively and links you straight to the screen.

[predioapp.com](https://app.predioapp.com) · bilingual EN / ES

Run any building. From one app.

[predioapp.com](https://app.predioapp.com)

1. Sign in

1. Go to **app.predioapp.com**, enter your **email** and **password**, click **Sign in**.
 2. Top bar: the **building switcher**, **global search**, the **EN / ES** pill, **Predio Help (✚)**, notifications, and your **avatar**.
 3. Your tabs: **Home · Directory · Financials · Maintenance · Community** (what you see depends on the access the Owner gave you).
-

2. Residents and units

1. Directory → **Residents & owners** → **Add resident** → first + last name, email, phone, unit, owner/tenant → **Save** (they get an emailed invite to set a password).
 2. Edit anyone from their row; keep contact info current.
 3. Directory → **Parking** to assign spots to units.
-

3. Charges and invoices

1. Financials → **Invoices & charges** → **New charge** → pick the unit, type (dues, parking...), amount, due date → **Save**.
 2. For the month: **Generate monthly** → review → **Generate**.
 3. Send an invoice by email from the invoice's **Send by email**.
-

4. Review a reported payment

1. Financials → **Pagos reportados (Reported payments)** → open the item.
 2. Check the proof photo, amount, and covered invoices.
 3. If the Owner enabled it, click **Approve & issue receipt** (or **Reject** with a reason). If not, you can only review/flag it for the Owner/Admin.
-

5. Money out (bills and expenses)

1. Financials → **Vendors / Accounts payable** → record a bill: vendor, building, category, amount, due date, and a photo of the invoice → **Save**.
 2. To pay it: open the bill → **Pay** → choose a bank account and date → Predio produces the expense voucher (comprobante de egreso).
 3. **Bank accounts** shows each account's running balance and movements.
-

6. Maintenance

Maintenance → **Board**: open a ticket, follow the conversation, keep it moving.

7. Community

- **Messages**: Community → **Messages** — reply to residents.
 - **Notices**: Community → **Notices** → **New notice** → write, mark **Critical** if needed → **Publish**.
 - **Amenities**: review and approve reservations; **Access** shows the visitor/pass log.
-

8. Leases

When adding a resident you can **send a lease** and track its signing. (Lease *templates* are set up by the Owner/Admin.)

9. What you can't do

Settings, billing, feature toggles, voids, fund transfers, and the building's tax identity stay with the Owner/Admin. Whether you see financials at all is a switch the Owner controls.

10. Predio Help

Everything here, **Predio Help** can walk you through live — tap the ♦, ask, and it opens the exact screen. It teaches and answers; it never moves money.
